### Western Wyoming Beverages COVID-19 Update

Dear WWB Partner,

With COVID closures beginning to be relaxed and the ‘green light’ given to begin reopening on a limited basis, I want to reiterate WWB is here to support you and help you with whatever you need. Please do not hesitate to contact us if we can be of any assistance during the reopen process. In the next few hours and days our team will be reaching out to you individually to learn about your reopen plans and if we can be of assistance. However, here are some general guidelines

- **Inventory** – If you are short on inventory, please call us and let us know. Please either call your salesman or our office at 307-362-6332. We will make arrangements to get you inventory as soon as we can. We also, as always, will have our 7-day a week on-call support available over the weekend should you need anything
- **Signage** - We would be happy to provide any signage or material you need to promote your business and its reopening. If you need signage, please work with your sales representative to get that ordered.
- **“Opening” Your Draft and Fountain Equipment** - As you reopen your business please contact us if you need our assistance starting up your draft or fountain equipment. We are here to help. Please reach out to John Case at [John.Case@wwbev.com](mailto:John.Case@wwbev.com) or call 307-362-6332.

Thank you for your continuous partnership and loyalty to WWB. If you have any questions, please feel free to reach out to me directly. My email is [Sean.valentine@wwbev.com](mailto:Sean.valentine@wwbev.com) or call my cell phone at 307-371-4518.

Sincerely,

Sean M. Valentine  
President  
Western Wyoming Beverages, Inc.
